

NOTICE OF INTENT TO ADOPT NEGATIVE DECLARATION ALAMEDA COUNTY PUBLIC WORKS AGENCY

Emeryville Storm Drain Improvement

The Alameda County Flood Control and Water Conservation District (District) proposes to replace the existing 24 through 36-inch underground storm drain pipes with new 30 through 72-inch diameter pipes in a east-west alignment along 62nd Street between San Pablo Avenue and Overland Avenue, along Overland Avenue in a south-north alignment from 62nd Street to 64th Street, along 64th Street in a east-west alignment from Overland Avenue to Lacoste Street, along Lacoste Street in a south-north alignment from 64th Street to 65th Street. The total length of this project is 5,425 linear feet. This is a capacity improvement project located entirely within the Cities of Emeryville and Oakland, Alameda County, California. The purpose of the project is to alleviate potential flooding in the vicinity of the project by replacing the existing culverts with larger ones.
